SpacePro will not be held responsible for guide left in your artwork.

Solid Black CMYK Values of: C=70 M =50 Y =50 K =100

Please check the following:

√ All company details √ Spelling √ Correct colours are used √ Correct template is used √ Positioning of artwork	Please note that because of the way we see light, colours printed with ink look different to colours displayed on a computer screen. It is therefore essential that the correct corporate colours must be specified by the client before printing. Providing Pantone colours ensures the colours are printed as close as possible to your corporate colours.

SEND ARTWORK:
Email to artwork@spacepro.ad if size is less than 20MB.
For large artwork, use free service of www.wetransfer.com/www.hightail.com, or any other website to upload file and send us the download link.
(with clear reference of your order/invoice number)

Bleed Line / Red Line
1215 mm

The “Red line” on the template is the bleeding area of the graphic

Safe Area / Yellow Line
1160 mm

The “Safe Area” on the template is the front viewable area that will be clearly visible after the graphic is erected.
Keep all text and important images within this area.

Invisible Area / Grey Area
20 mm

This area will be hidden by the frame, so make sure that you don't place any images, logos or text that needs to be seen in this area. If you're printing a block colour, we recommend extending it slightly into your nonvisible area, to ensure there are no white areas visible when your banner is extended.
